

CONTENTS

- Chapter 1 :** Basic Concept of Mathematics, Theory of Numbers, Factorisation, HCF, LCM
- Chapter 2 :** Theory of Equations
- Chapter 3 :** Matrices & Determinants
- Chapter 4 :** Arithmetic and Geometric Progressions
- Chapter 5 :** Permutation and Combinations
- Chapter 6 :** Ratio and Prop. Stocks and Shares, Interest and Annuities
- Chapter 7 :** Differential and Integral Calculus and Applications in Economics and Business
