

CONTENTS

	Part One Industrial Economics	
--	--	--

Chapters-1

Nature and Significance of Economics

Background of Economics
Definition of Economics
Types of Economy
Nature of Economics
Is economics Science or arts
Economic is a positive or normative science
Significance of Economics
Scope of Economics
Micro and Macro Economics
Science Engineering, Technology and Economy
Growth of Indian Economy
Use of Managerial Economics
Role of Managerial Economist

Chapter-2

Micro and Macro Economics

Meaning of Micro and Macro Economics
Importance of Micro and Macro Economics
Difference between Micro and Macro Economics

Chapter-3

Demand and Law of Demand

Meaning of demand
Time and supply
Supply and demand relationship
Equilibrium shift, Shift vs movement

Law of demand
Factors affecting law of demand
Exceptions of law of demand
Types of demand
Giffin goods analysis of Giffin goods
Giffin paradox and empirical evidence for Giffin goods.

Chapter-4

Concept of Elasticity of Demand

Concept of Elasticity
Types of Elasticity
Determinant of Elasticity
Importance of Elasticity
Income effect
Substitution effect
Factors affecting elasticity of Demand

Chapter-5

Concept of supply and Elasticity of Supply

Meaning of Supply
Law of Supply
Expansion and contraction of supply
Factors affecting Elasticity of supply
Two determinant of Supply and useful application of Supply

Chapter-6

Demand Forecasting

Demand forecasting
The production function
Types of production function
Short run production Function
Long run production function
Cost concept.

Chapter-7

Market Structure

Market structure
Types of competition
Perfect competition
Monopolistic competition
Oligopoly,
Selling side market structure
Buying side Market Structure

Chapter-8

Concept of Consumer Behaviour-Utility

Meaning of Utility
Marginal Utility
Law of Diminishing Marginal Utility
Law of Equi marginal Utility
Limitation
Consumer Surplus

Chapter-9

Indifference Curve

Definition of indifference curve
Assumptions of Indifference Curve
Properties of Indifference curve
Exceptions to Indifference curve

Chapter-10

Money and Its Function

Characteristic of money
History of money
Significance of money
Types of Money
Value of Money

Chapter-11

Inflation and National Income

Concept of Inflation
Types of Inflation
Causes of Inflation
Effects of Inflation
Measures to control Inflation
Concept of Deflation.
Definition of National Income
Concept of National Income
Measurement of National Income
Business Cycle
Stages of Business Cycle
Factors that Shape Business Cycle

Chapter-12

Commercial Banking

Meaning of Bank
Banking system in India
Types of Banks

Functions of Commercial Bank and Types of Bank Deposit
E-banking
Credit creation

Chapter-13 **Central Banking**

Definition of Central Banking
History of Banking in India
Functions or Role of Reserve Bank of India
Difference between Central and Commercial Bank
Monetary Policy
Objectives of Monetary Policy

	Part Two Principles of Management	
--	--	--

Chapter-14 **Meaning, Nature and Importance of Management**

Definition of Management
Features of Management
Functions of Management
Management as a Process
Management is a Science or Art/Nature of Management
How management is similar to science?
Managerial skills
Importance of Management
Levels of Management

Chapter-16 **Human Behaviour in Organisation**

Human relation approach
Features of OB

Levels of analysis of Human Behavior
Uses of Organization behavior
Challenges in Organization behavior
Factors of Individual behavior
Concept of Individual Behavior
Factors affecting Individual behavior
Models of Man
Attitude
Components of Attitude
Features of Attitude
Shaping of Attitude
Values
Kinds of values
Learning about yourself exercise

Chapter-17

Personality Development

Determinants of Personality
Development of Personality
Personality Traits
Why study personality
Personality traits Influencing organizational behavior
Managing emotions at work place
Johari window

Chapter-18

Perception

Introduction
Definition of Perception
Elements of Perception
Perceptual Mechanism
Importance of Perception
Perceptual process
Factors affecting perception
Perceptual errors and distortion
Application of Perception
Perceptual defence
Attribution theory
Application of Perception in Organization

Chapter-19

Learning

Features of Learning
Principles of Learning
Theories of Learning

Strategies of Reinforcement
Schedule of Reinforcement, use of Reinforcement
Case Study

Chapter-20

Group Behaviour and Team Building

Introduction
Characteristics of Group
Elements of Group
Types of Group
Advantages of group to Organization
Group decision making
Problems in group decision making
Group think
Group decision making tools
Group forming process
Theories of group formation
Reasons for formation of group
Determinants of Group behavior
Group cohesiveness
Definition of team
Team building
Objectives of team building
Techniques
Group and team
Team building
CS for team building
Why team building
Building a team culture
Case Study

Chapter-21

Transaction Analysis

Educational transactional Analysis
Ego States
Games
Transactional analysis as a Communication skill
Components of ego state
Stoke
Psychological games
Kinds of Transaction
Healthy balanced Personality
Crossed Transaction
Application of Transaction Analysis
Limitation of Transaction Analysis
