## **PART ONE** **Basic Concepts**

- 1. The Nature and Scope of Economics**  
Introduction; Wealth and Welfare Definitions; Scarcity Definition of Robbins; Scope of Economics; Exercises.
- 2. Some Basic Concepts**  
Introduction; Goods; Utility, Value; Value and Price; Wealth; Stocks and Flows; Exercises.
- 3. Methods, Law, and Assumptions of Economics**  
Methods of Scientific Study; Deduction and Induction; Nature, of Economic Laws; Assumption of Economics; Exercises.
- 4. Micro-and-Macroeconomics and Economic Statics and Dynamics**  
Introduction; Microeconomics; Types of Microeconomics; Macroeconomics; Types of Macroeconomics; Comparative Statics; Difference between Microeconomics and Macroeconomics; Importance of Economic Statics; Limitations of Economic Statics; Importance of Economic Dynamics; Limitations of Economic Dynamics; A Note on the Stationary State; Exercises.
- 5. Economy-Its Basic Problems**  
What is an Economy; The Vital Processes of an Economy; Central Problems of an Economy; Five Fundamental Questions; Society's Production Possibilities or Production Possibility Curve; Exercises.
- 6. Economic Systems**  
Meaning; Capitalism or Free Enterprise Economy; Socialism; Mixed Economy; Exercises.
- 7. The Role of Price Mechanism**  
The Role of Price Mechanism in a Free Market Economy or Capitalism; Price Mechanism in a Socialist or Controlled Economy; Price Mechanism in a Mixed Economy; Exercises.

## **PART TWO** **Consumption Theory**

- 8. Consumption and Human Wants**  
Meaning of Consumption; Importance of Consumption; Human Wants; Characteristics of Human Wants; Exception to the Characteristics of Wants; Classification of Wants; Classification of Wants is Relative; Is Consumption of Luxuries Justified; Exercises.

**9. The Neo-Classical Utility Analysis**

Introduction; Assumptions of Utility Analysis; Total Utility Vs Marginal Utility; The Law of Diminishing Marginal Utility; The Proportionality Rule; Exercises.

**10. Demand And Law of Demand**

Meaning of Demand; Factors Influencing Demand; An Individual's Demand Schedule and Curve; The Market Demand Schedule and Curve; Changes in Demand; The Law of Demand; Income Demand; Cross Demand; Short-Run and Long-Run Demand Curves; Defects of Utility Analysis or Demand Theory; Exercises.

**11. The Elasticity of Demand**

Introduction; Price Elasticity of Demand; Elasticity and Slope of the Demand Curve; Cross Elasticity of Demand; Income Elasticity of Demand; Factors Affecting Price Elasticity of Demand; Importance of the Concept of Price Elasticity; Exercises.

**12. The Indifference Curve Theory**

Introduction; Indifference Curves; Assumptions of the Indifference Curve Analysis; Properties of Indifference Curves; Marginal Rate of Substitution (MRS); Consumer's Equilibrium; Income Effect; The Substitution Effect; The Price Effect; The Substitution and Income Effects of the Price Effect; To Derive Demand Curves from Price-Consumption Curves; Substitutes and Complements j in Indifference Curve Analysis; Uses or Application of Indifference Curve Analysis; Superiority of Indifference Curve Technique Over Utility Analysis; Criticisms of Indifference Curve Analysis; Exercises.

**13. The Concept of Consumer's Surplus**

Statement of the Concept; Consumer's Surplus in Terms of Indifference Curve Analysis; Criticisms of Consumer's Surplus; Practical Usefulness of the Concept; Exercises.

**14. The Revealed Preference Theory of Demand**

Introduction; Choice Reveals Preference; The Law of Demand; Superiority of Revealed Preference Theory; Defects of the Revealed Preference Theory; Exercises.

**PART THREE**  
**Production Theory**

**15. Factors of Production**

Classification of Factors of Production; Criticisms; Importance; Exercises.

**16. Characteristics of Land and Labour**

Meaning of Land; Characteristics of Land; Factors Affecting Productivity of Land; Extensive and Intensive Cultivation; Meaning of

**17. Theories of Population**

The Malthusian Theory of Population; The Optimum Theory of Population; Theory of Demographic Transition; Exercises.

**18. Division of Labour and Machinery**

Meaning; Forms of Division of Labour; Merits and Demerits of Division of Labour; Division of Labour and Extent of Market; Economic Effects of Machinery; Exercises.

**19. Capital and Capital Formation**

Meaning of Capital; Characteristics of Capital; Meaning of Capital; Process of Capital Formation; Capital Formation in a Socialist Economy; Exercises.

**20. Localisation of Industries**

Meaning; Causes of Localisation; Exercises.

**21. Scale of Production**

Meaning; Economies of Large Scale Production; Diseconomies of Large Scale Production; Advantages and Disadvantages of Large Scale Production; Advantages and Disadvantages of Small Scale Production; Causes of Survival of Small Industries; Exercises.

**22. Organisation**

Meaning; Difference between Organisation and Enterprise; Difference between Capitalist and Entrepreneur; Functions of Entrepreneur; Exercises.

**23. Laws of Returns : The Traditional Approach**

Introduction; The Production Function; The Law of Variable Proportions; The Law of Returns to Scale; Exercises.

**24. Laws of Returns: The Isoquant-Isocost Approach**

Isoquant- Isocost Curves; The Principle of Marginal Rate of Technical Substitution; The Law of Variable Proportions; The Law of Returns to Scale; Relation Between Returns to Scale and Returns to a Factor (Law of Returns to Scale and Law of Diminishing Returns); Choice of Optimal Factor Combination or Least Cost; Exercises.

**PART FOUR**  
**Product Pricing**

**25. The Nature of Costs and Cost Curves**

Accounting and Economic Costs; Production Costs; Real Costs; Opportunity Cost; Private and Social Costs; Cost Curves in the Short and Long Run; Exercises.

**26. The Concept of Revenue**

Total, Average and Marginal Revenue; Relation Between AR and MR Curves; Importance of Revenue Curves; Exercises.

**27. Supply-Its Law, Elasticity and Curve**

Supply; The Law of Supply; The Elasticity of Supply, The short- Run Supply Curve of the Firm and Industry; The Long-Run Supply Curve of the Firm and Industry; Exercises.

**28. The Concept of Equilibrium**

Meaning of Equilibrium; Static Equilibrium; Dynamic Equilibrium; Stable Vs. Unstable Equilibrium; Neutral Equilibrium; Partial or Particular Equilibrium; General Equilibrium; Exercises.

**29. Equilibrium of The Firm and Industry Under Perfect Competition**

Conditions of Equilibrium of the Firm and Industry, Exercises.

**30. Pricing Under Perfect Competition**

Perfect Competition; Equilibrium Price; Changes in Demand and Supply; Importance of Time Element in Price Theory; Comparison Between Market Price and Normal Price; Exercises.

**31. Joint Demand and Supply**

Joint Demand; Joint Supply; Exercises.

**32. Representative Firm and Optimum Firm**

The Representative Firm; The Optimum Firm; Exercises.

**33. Monopoly**

Meaning; Sources and Types of Monopoly; Monopoly Price Determination; Monopoly Price Discrimination; Control and Regulation of Monopoly; Comparison Between Monopoly and Perfect Competition; Exercises.

**34. Monopolistic Competition**

Meaning; Its Features; Price Determination of a Firm Under Monopolistic Competition; Theory of Excess Capacity; Selling Costs; Wastes of Monopolistic Competition; Difference Between Perfect Competition and Monopolistic Competition; Difference Between Monopoly and Monopolistic Competition; Exercises.

**35. Duopoly and Oligopoly**

Meaning of Duopoly; The Cournot Model of Duopoly; Meaning of Oligopoly; Characteristics of Oligopoly; Price Determination Under Oligopoly; Exercises.

**36. Objectives of Business Firm**

Introduction; Profit Maximisation; Multiple Objectives; Exercises.

## **PART FIVE**

### **Factor Pricing**

**37. National Income : Meaning and Measurement**

Introduction; Definitions of National Income; Concept of National Income; Methods of Measuring National Income; Difficulties or Limitations in Measuring National Income; Importance of National Income Analysis; Interrelationships Among Different Concepts of National Income; Some Solved Problems; Exercises.

**38. National Income and Economic Welfare**

Meaning of Economic Welfare; Relation Between National Income and Economic Welfare; National Income as a Measure of Economic Welfare; Exercises.

**39. Social Accounting**

Meaning; Preparation of Social Accounts; Significance of Social Accounting; Limitations of Social Accounting; Exercises.

**40. Inequality of Incomes**

Introduction; Causes of Inequality; Effects of Inequality; Measures to Reduce Inequalities; Measurement of Inequality of Incomes; Lorenz Curve; Exercises.

**41. Theories of Distribution**

Introduction; Factor Pricing and Product Pricing; The Marginal Productivity Theory of Distribution; Factor Pricing Under Perfect Competition; Modern Theory; Factors Pricing Under Imperfect Competition; Exercises.

**42. Rent**

Meaning; The Ricardian Theory of Rent; Modern Theory of Rent; Rent and Price; quasi-Rent; Effects of Economic Growth on Rent; Exercises.

**43. Wages**

Meaning; Money Wages and Real Wages; Theories of Wages; Union and Wages-Collective Bargaining; Wage Differentials; Minimum Wages; Exercises.

**44. Interest**

Meaning; Gross and Pure Interest; Variations in Interest Rates; The Time Preference Theory; The Classical Theory of Interest; The Loanable Funds Theory of Interest; Its Superiority Over the Classical Theory; Keynes' Liquidity Preference Theory of Interest; Its Superiority Over the Loanable Funds Theory; Exercises.

**45. Profits**

Gross Profit and Net Profit; Nature of Profit; Theories of Profits; Surplus and Normal Profits; Monopoly Profits; Exercises.

## **PART SIX** **Macroeconomics**

**46. The Classical Theory of Income, Output and Employment**

Introduction; The Classical Theory; Exercises.

**47. Say's Law of Markets**

Say's Law; Propositions and Implications of the Le Say's Law; Exercises.

**48. Principle of Effective Demand : Aggregate Demand and Aggregate Supply**

Introduction; Meaning; Importance of Effective Demand; Exercises.

**49. Consumption Function**

Introduction; Meaning of Consumption Function; Properties or Technical Attributes of the Consumption Function; Keynes' Psychological Law of Consumption; Implications of Keynes' Law or Importance of the Consumption Function; Determinants of the Consumption Function; Measures to Raise the Propensity to Consume; Exercises.

**50. The Saving Function**

Meaning of Saving Function; Determinants of Savings; The Paradox of Thrift; Exercises.

**51. The Investment Function**

Meaning of Investment; Types of Investment; The Marginal Efficiency of Capital (MEC); The Marginal Efficiency of Investment (MEI); Distinction Between MEC and MEI; Factors Other than the Interest Rate Affecting Inducement to Invest; Exercises.

**52. Saving and Investment Equality**

Introduction; The Classical View; The Keynesian View; Exercises.

**53. The Concept of Multiplier**

Introduction; Meaning and Derivation of Investment Multiplier; Working of the Multiplier; Assumptions of Multiplier; Leakages of Multiplier; Criticisms of Multiplier; Importance of Multiplier; Multiplier in an Underdeveloped Country; Exercises.

**54. The Principle of Acceleration**

Meaning of the Acceleration Principle; Operation of the Acceleration Principle; Assumption of the Acceleration Principle; Criticisms of the Acceleration Principle; Exercises.

**55. Pigou and Wage Flexibility**

Introduction; Pigou's View; Keynes' Criticisms of Pigou's View; Exercises.

**56. The Keynesian Theory of Income, Output and Employment**

Introduction; The Keynesian Theory of Income, Output and Employment; Exercises.

**57. IS and LM Frame Work: Simultaneous Determination of Interest Rate and Income Level**

Introduction; The IS Curve; The LM Curve; Simultaneous Determination of Interest Rate and Income Level; Exercises.

**58. Unemployment and Full Employment**

Introduction; Types of Unemployment; Meaning of Full Employment; Measures to Achieve and Maintain Full Employment; Exercises.

**59. Inflation And Deflation**

Meaning of Inflation; Types of Inflation; Demand-Pull Inflation; Cost-Push Inflation; Causes of Inflation; Effects of Inflation; The Inflationary Gap; Deflation : Control of Deflation; Exercises.

**60. Business Cycles**

Meaning; Features of Business Cycles; Phases of Business Cycles; Causes of Business Cycles; Effects of Business Cycles; Theories of Business Cycles; Measures to Control Business Cycles or Stabilisation Policies; Exercises.

**PART SEVEN**  
**Money and Banking**

**61. Definition and Functions of Money**

Nature and Definition of Money; Theoretical and Empirical Definitions of Money; Functions of Money; Exercises.

**62. Role of Money**

Introduction; Significance or Role of Money; Defects of Money; Role of Money In a Capitalist Economy; Role of Money in a Socialist Economy; Exercises.

**63. The Circular Flow of Money**

Meaning; Circular Flow of Money Between Household and Business Sectors; Circular Flow of Money with Saving and Investment; Circular Flow of Money with Government Sector; Circular Flow of Money with the Foreign Sector; Importance of the Circular Flow of Money; Exercises.

**64. Measurement of Changes in The Value of Money : Index Numbers**

Meaning of Index Numbers; Methods of Construction of Index Numbers; Difficulties In the Construction of Index Numbers; Uses of Index Numbers; Exercises.

**65. The Quantity Theory of Money and Its Variants**

Meaning of Value of Money; Fisher's Quantity Theory of Money; The Cash Transactions Approach; The Cambridge Equation; The Cash Balances Approach; Transactions Approach Vs. Cash Balances Approach; Superiority of Cash Balances Approach over Transactions Approach; Exercises.

**66. Keynes' Income and Expenditure Theory**

Introduction; Income-Expenditure Approach; Saving-Investment , Approach; Exercises.

**67. the Keynesian Theory of Money and Prices**

Introduction; Keynes' Reformulated Quantity Theory of Money; Superiority of the Keynesian Theory Over the Traditional Quantity Theory of Money; Criticisms of Keynes' Theory of Money and Prices; Exercises.

**68. Friedman's Restatement of the Quantity Theory of Money**

Introduction; Friedman's Theory; Friedman Vs Keynes; Exercises.

**69. The Supply of Money**

Definitions of Money Supply; Determinants of Money Supply; High-powered Money And The Money Multiplier; Measures of Money Supply in India; Derivation of Money Multipliers; Exercises.

**70. The Demand for Money**

Introduction; The Classical Approach; The Keynesian Approach; Liquidity Preference; Exercises.

**71. Commercial Banking**

Evolution, Origin and Growth of Banking; Meaning of Bank; Types of Banks; Functions of Commercial Banks; The Balance Sheet of a Commercial Bank; Role of Commercial Banks in a Developing Country; Exercises.

**72. Commercial Bank Policies and Principles**

Introduction; Objectives of Portfolio Management; Theories of Portfolio Management; Investment Policy of a Commercial Bank; Essentials of a Sound Banking system; Exercises.

Meaning of Monetary Policy; Objectives or Goals of Monetary Policy; Instruments of Monetary Policy; Expansionary Monetary Policy; Restrictive Monetary Policy; Role of Monetary Policy in a Developing Economy; Exercises.

**PART EIGHT**  
**International Trade**

**77. Distinguishing Features of Inter-regional and International Trade**

Introduction; Difference between Inter-regional and International Trade; Similarities between Inter-regional and International Trade; Exercises.

**78. The Theory of Comparative Costs**

Introduction; Comparative Costs Theory; Its Criticisms; Exercises.

**79. The Terms of Trade**

Meaning; Commodity; Terms of Trade; Gross Barter Terms of Trade; Income terms of Trade; Single Factorial Terms of Trade; Double Factorial Terms of Trade; Real Cost Terms of Trade; Utility Terms of Trade; Factors Affecting Terms of Trade; Exercises.

**80. The Gains from International Trade**

Meaning; Factors Determining the Gains from Trade; Gains from Trade and Income Distribution; Exercises.

**81. Free Trade Versus Protection**

Free Trade; Protection; Exercises.

**82. Tariffs and Other Trade Restrictions**

Meaning and Types, Effects of Tariffs, Effects of a Tariff in a Large Country, Optimum Tariff and Welfare, Effects of a Tariff on Income Distribution; The Stolper-Samuelson Theorem, Exercises.

**83. Non-Tariff Barriers**

Meaning;

**84. Import Quotas**

Meaning; Objectives of Import Quotas; Types of Import Quotas; Effects of Import Quotas; Import Quotas vs. Tariffs; Conclusion with Reference to LDCs; Exercises.

**85. Balance of Payments**

Meaning; Structure of Balance of Payments Accounts; Is Balance of Payments Always in Equilibrium; Measuring Deficit or Surplus in Balance of Payments; Balance of Trade and Balance of Payments; Disequilibrium in Balance of Payments. Exercises.

**86. Foreign Exchange Rate**

Meaning of Foreign Exchange Rate; Determination of Equilibrium Exchange Rate; Theories of Foreign Exchange Rate; Causes of Changes in the Exchange Rate; Exercises

**87. Foreign Exchange Rate Policy**

Introduction; Flexible Exchange Rate; Exercises.

**88. Foreign Trade and Economic Development**

Introduction; Importance of Foreign Trade; Exercises.

**89. Foreign Aid in Economic Development**

Types of Foreign Aid; Role of Foreign Aid in Economic Development; Tied Vs. Untied Aid; Factors Determining the amount of foreign Aid for Economic Development; Aid or Trade; Exercises.
