

# ***CONTENTS***

---

## **PART ONE INTRODUCTION**

### **Chapter 1 Nature, Scope and Methods of Managerial Economics**

Meaning and Definition; Economic Theory and Managerial Theory; Nature of Managerial Economics; Scope of Managerial Economics; Subject-matter of Managerial Economics; Relation to Other Branches of Knowledge; Techniques or Methods of Managerial Economics; Role of A Managerial Economist in Business Decision Making; Role and Responsibilities of A Managerial Economist; Responsibilities of Managerial Economist Questions; Exercises

## **PART TWO BASIC CONCEPTS**

### **Chapter 2 Fundamental Economic Concepts**

Introduction; The Incremental Concept; The Concept of Time Perspective; The Opportunity Cost Concept; Equi-Marginal Concept; Discounting Concept; Risk And Uncertainty; Exercises

### **Chapter 3 Risk, Uncertainty and Probability Analysis**

Uncertainty; Risk; Non-Insurable Risk; Probability Analysis; Basic Concepts; Exercises

## **PART THREE MICROECONOMIC ANALYSIS AND MANAGERIAL ECONOMICS**

### **Chapter 4 Demand Analysis**

Meaning of Demand; Types of Demand; An Individual's Demand Schedule and Curve; The Market Demand Schedule and Curve; Changes In Demand; The Law of Demand; Income Demand; Cross Demand; Demand Determinants; Exercises

### **Chapter 5 The Elasticity of Demand**

Introduction; Price Elasticity of Demand; Cross Elasticity of Demand; Income Elasticity of Demand; Advertising or Promotional Elasticity of Demand; Importance of Elasticity of Demand in Management; Exercises

### **Chapter 6 The Cardinal Utility Approach**

Introduction; The Law of Diminishing Marginal Utility; The Proportionality Rule or Consumer's Equilibrium under Utility Analysis; Defects of Utility Analysis; Exercises

**Chapter 7**  
**The Indifference Curve Approach**

Introduction; Meaning of Indifference Curve; Law of Diminishing Marginal Rate of Substitution (DMRS); Properties of Indifference Curves; Price-Income Line or Budget Line; Consumer's Equilibrium; Income Effect; The Substitution Effect; The Price Effect; Separation of Substitution and Income Effects from the Price Effect; To Derive Demand Curve from Price-Consumption Curve; Application of Indifference Curve Analysis; Superiority of Indifference Curve Technique over Utility Analysis; Criticisms of Indifference Curve Analysis; Exercises

**Chapter 8**  
**The Concept of Consumer's Surplus**

Statement of The Concept; Consumer's Surplus in terms of Indifference Curve Analysis : Hicks' Formulation; Criticisms of Consumer's Surplus; Practical Usefulness of the Concept; Exercises

**Chapter 9**  
**The Revealed Preference Theory of Demand**

Introduction; Choice Reveals Preference; The Law of Demand; Derivation of The Demand Curve from Revealed Preference; Derivation of Indifference Curve from Revealed Preference; Superiority of Revealed Preference Theory; Defects of The Revealed Preference Theory

**Chapter 10**  
**Theory Of Consumer Choice Under Risk**

The Problem; The Bernoulli Hypothesis; The Neumann-Morgenstern Method of Measuring Utility; The Friedman-Savage Hypothesis; The Markowitz Hypothesis; Critical Appraisal of Modern Utility Analysis; Exercises

**Chapter 11**  
**Demand Forecasting**

Meaning; Types; Forecasting Techniques or Methods; Case Study; Questions; Exercises

**Chapter 12**  
**Production Function : Laws of Variable Proportions and Returns to Scale**

Introduction; The Production Function; The Law of Variable Proportions; The Law of Returns to Scale; Economies of Scale : Internal and External Economies; Diseconomies of Scale; Exercises

**Chapter 13**  
**Production Function: The Isoquant Analysis**

Isoquants; Isoquants Vs. Indifference Curves; The Principle of Marginal Rate of Technical Substitution; The Ridge Lines; Isocost Curves and Expansion Path; The Law of Variable Proportions: Production Function with one Variable Input; The Laws of Returns to Scale: Production Function with two Variable Inputs; Relation Between Returns to Scale and Returns to a Factor; Producer's Equilibrium or Choice of Optimal Factor Combination or Least Cost Combination of Factors; Choice of Optimal Expansion Path; Elasticity of Output; Estimation of Production Function; Managerial uses of Production Function; Exercises

**Chapter 14**  
**Cost Theory**

Introduction; Cost Concepts; The Cost Function; Cost-Output Relation; The Modern Theory of Costs; Economies of Scale and the LAC Curve; Elasticity of Cost; Elasticity of Productivity; Exercises

**Chapter 15**  
**Cost Control, Reduction and Estimation**

Introduction; Cost Control; Main Areas of Cost Control; Tools of Cost Control; Variance Analysis; Ratio Analysis; Factors Hampering Cost Control in India; Cost Reduction; Economic Value Analysis; Cost Estimation; Case Study; Exercises

**Chapter 16**  
**Market Structures**

Introduction; Meaning of Market; Characteristics of Market; Market Structure; Forms of Market Structure; Exercises

**Chapter 17**  
**Marketing**

Introduction; Meaning of Marketing; Role of Marketing; Current Concepts in Marketing; Growth of Marketing; Marketing Skills; Marketing Success; Market Failure; Exercises

**Chapter 18**  
**The Concept of Revenue**

Total, Average and Marginal Revenue; Relation between AR and MR Curves under Different Market Conditions; Importance of Revenue Curves; Exercises

**Chapter 19**  
**Supply—Its Law, Elasticity and Curves**

Introduction; Supply; The Law of Supply; The Elasticity of Supply; The Short-run Supply Curve of The Firm and Industry; The Long-run Supply Curve of The Firm and Industry; Supply Curve under Monopoly; Exercises

**Chapter 20**  
**Equilibrium of the Firm and Industry under Perfect Competition**

Meaning of Firm and Industry; Equilibrium of the Firm; Equilibrium of the Industry under Perfect Competition; Exercises

**Chapter 21**  
**Pricing Under Perfect Competition**

Price Determination in Perfectly Competitive Market; Importance of Time Element in Price Theory; Comparison between Market Price And Normal Price; Exercises

**Chapter 22**  
**Applications of Demand and Supply Analysis Under Perfect Competition**

Introduction; Application on Farm Products; Price Control; Black Market; Consumer's Surplus and Producer's Surplus; Minimum Wage Legislation; Subsidy; Taxation; Exercises

**Chapter 23**  
**Monopoly Pricing**

Meaning; Sources and Types Of Monopoly; Pure Monopoly; Monopoly Price Determination; Degree of Monopoly Power—Its Measure; Control and Regulation of Monopoly; Comparison between Monopoly and Perfect Competition; Exercises

**Chapter 24**  
**Price Discrimination**

Meaning; Types of Price Discrimination; Conditions for Price Discrimination; Price Discrimination : The General Case; Degrees of Price Discrimination; Price Discrimination—Harmful or Beneficial to Society; International Price Discrimination : Dumping; Types of Dumping; Objectives of Dumping; Price Determination under Dumping; Effects of Dumping; Anti-Dumping Measures; Exercises

**Chapter 25**  
**Pricing under Monopolistic Competition**

Introduction; Meaning; Price Determination of a firm under Monopolistic competition; Chamberlin's Group Equilibrium; Theory of Excess Capacity; Selling Costs; Non-Price Competition under Monopolistic Competition; Differences between Perfect Competition and Monopolistic Competition; Difference between Monopoly and Monopolistic Competition; Exercises

**Chapter 26**  
**Pricing under Oligopoly**

Meaning; Price Determination under Oligopoly; Non-Price Competition in Oligopoly; Exercises

**Chapter 27**  
**Concepts in Resource Allocation**

Meaning; Empirical Techniques of Resource Allocation to be Used by a Firm; Perfect Competition and Resource Allocation; Monopoly and Resource Allocation; Monopolistic Competition and Resource Allocation; Oligopoly and Resource Allocation; Exercises

**Chapter 28**  
**Game Theory**

Introduction; Two-Person Constant-Sum or Zero-Sum Game; Non-Constant-Sum Games; Non-Cooperative Non-Constant Sum Games; Limitations of Game Theory; Importance of Game Theory; Exercises

**Chapter 29**  
**General Equilibrium**

Introduction; Meaning; Working of the General Equilibrium System; Uses of General Equilibrium Analysis; Exercises

**Chapter 30**  
**Linear Programming**

Meaning; Conditions and Generalizations; Application to The Firm; Limitations of Linear Programming; Application of Linear Programming; Application in India; Graphic Solutions; Marginalism and LP as Techniques of Optimisation; Marginalism and LP; Exercises

**Chapter 31**  
**Input-Output Analysis**

Introduction; Main Features; The Static Input-Output Model; The Dynamic Input-Output Model; Limitation of Input-Output Analysis; Importance; Exercises

**Chapter 32**  
**Statistical Decision Theory**

Introduction; Decision Types; Logical Decision Framework; Choice of a Decision Criteria; Exercises

**Chapter 33**  
**Objectives of Business Firm**

Introduction; Profit Maximisation Theory; The Marginalist Controversy; Managerial Theories; Williamson's Utility Maximisation Theory; Growth Maximisation Theory of Marris; Baumol's Sales or Revenue Maximisation Theory; Behavioural Theories; Exercises

**Chapter 34**  
**Economics of Risk, Gambling and Insurance**

Introduction; Individual consumer's Behaviour Towards Risk; Gambling; Insurance; Choice between Insurance and Gambling; Asset Portfolio Selection; Exercises

**Chapter 35**  
**Pricing Policies And Strategies**

Introduction; Pricing Policy; Pricing Strategies; Case Study; Exercises

**Chapter 36**  
**Pricing of Public Undertakings**

Introduction; Pricing of Public Utility Services; Marginal Cost Pricing Rule; No-Profit No-Loss Policy; Profit-Price Policy; Exercises

**Chapter 37**  
**Product Policy**

Introduction; Product Planning and Development; Product Line; Product Mix; Product Branding; Product Positioning; Product Packaging; Exercises

**Chapter 38**  
**Marketing Strategy**

Strategy; Types of Marketing Strategies; Exercises

**Chapter 39**  
**Advertising**

Introduction; Advertising Cost; Determining Advertisement Budget; Advertisement Effectiveness; Study; Exercises

**Chapter 40**  
**Profit and Profit Management**

The Concept of Profit; Profit Policies; The Measurement of Profit; Profit Planning and Control; Exercises

**Chapter 41**  
**Break-Even Analysis**

Break-Even Point; Determination of Break-even Point; Managerial Uses of Break-Even Analysis; Case Study; Exercises

**Chapter 42**  
**Capital Budgeting**

Benefit-Cost Ratio Method; Investment Decision Under Risk; Managerial Techniques for Investment Decision-making; Decision Theory; Case Studies; Exercises; Appendix - 1 : Cost-Benefit Analysis

**Chapter 43**  
**Inventory Control Management**

Nature of Inventories; Market Structure and Inventories; Methods of Evaluating Inventories; Objectives of Inventory Management; Cases Study; Exercises

<b>PART FOUR</b> <b>MACROECONOMIC ANALYSIS AND POLICY</b>
--

**Chapter 44**  
**Macroeconomic : Aggregates and Concepts**

Introduction; Macroeconomics; Price Indices : WPI and CPI; Exercises

**Chapter 45**  
**National Income : Meaning and Measurement**

Introduction; Definitions of National Income; Concepts of National Income; Methods of Measuring National income; Difficulties or Limitations in Measuring National Income; Importance of National Income Analysis; Inter-relationships among Different Concepts of NI; Some Solved Problems; Exercises

**Chapter 46**  
**The Saving Function**

Meaning of Saving Function; Determinants of Savings; The Paradox of Thrift; Exercises

**Chapter 47**  
**The Consumption Function**

Introduction; Meaning of Consumption Function; Properties or Technical Attributes of the Consumption Function; Keynes's Psychological Law of Consumption; Implications of Keynes's Law (or Importance of the Consumption Function); Determinants of the Consumption Function; Measures to Raise the Propensity to Consume; Exercises

**Chapter 48**  
**The Investment Function**

Meaning Of Capital and Investment; Types of Investment; Determinants of The Level of Investment; The Marginal Efficiency of Investment (MEI); Distinction between MEC and MEI; Factors other than The Interest Rate affecting Inducement to Invest; Exercises

**Chapter 49**  
**The Theory of National Income Determination**

Introduction; Two-Sector Model; Four Sector Model : Income Determination in an Open Economy; Exercises

**Chapter 50**  
**The Supply of Money**

Definition of Money Supply; Determinants of Money Supply; High-Powered Money and the Money Multiplier; Measures of Money Supply in India; Money Supply and Liquidity; Derivation of Money Multipliers; Exercises

**Chapter 51**  
**Inflation**

Introduction; Meaning of Inflation; Demand-pull Inflation; Cost-push Inflation; The Inflationary Gap; The Phillips Curve : The Relation between Unemployment and Inflation; Causes of Inflation; Measures to Control Inflation; Effects of Inflation; Exercises

**Chapter 52**  
**Monetary Policy**

Meaning of Monetary Policy; Objectives or Goals of Monetary Policy; Instruments of Monetary Policy; Expansionary Monetary Policy; Restrictive Monetary Policy; Exercises

**Chapter 53**  
**Fiscal Policy**

Meaning; Objectives of Fiscal Policy; Fiscal Policy for Economic Growth; Budgetary Policy—Contracyclical Fiscal Policy; Exercises

**Chapter 54**  
**Effectiveness of Monetary and Fiscal Policy**

Introduction; Monetary Policy; Fiscal Policy; The Synthesist View : Three Range Analysis; Monetary Policy; Fiscal Policy; Monetary-Fiscal Mix; Exercises

**Chapter 55**  
**Business Cycles**

Meaning; Characteristics of Business Cycles; Phases of a Business Cycle; Effects of Business Cycles; Theories of Business Cycles; Measures to Control Business Cycles or Stabilisation Policies; Exercises

**Chapter 56**  
**Balance of Payments : Meaning and Components**

Meaning; Structure of Balance of Payments Accounts; Is Balance of Payments always in Equilibrium ?; Measuring Deficit or Surplus in Balance of Payments; Balance of Trade and Balance of Payments; Disequilibrium in Balance of Payments; Measures to correct Deficit in Balance of Payments; Exercises

**INDEX**
