

# CONTENTS

## **1 : INTRODUCTION TO MATERIALS MANAGEMENT**

Definition of Materials Management; Constituents of Materials Management; Materials Flow in an Organisation ; Integrated Materials Management; Need for Materials Management; Functions of Materials Management; Objectives of Materials Management; Primary Materials Objectives; Secondary Objectives; Activities Performed in Materials Management Function ; Scope of a Materials Manager; Essential Job Functions; Interfaces of Materials Management; Internal Interface; Interfaces of Materials Management; External Interface; For Discussion.

## **2 : MATERIAL REQUIREMENTS PLANNING**

Evolution of MRP; Objectives of MRP; Importance of Material Requirements Planning; Components of the Material Requirements Planning System; Material Requirement Planning System; Closed-Loop Material Requirements Planning; The Master Schedule; Major Drivers of a Master Schedule; MRP Computer Program; The Back-End Execution; Outputs of MRP; Benefits of MRP; Limitations of MRP; Approaches to MRP; Other Considerations; Extensions to MRP; For Discussion.

## **3 : SOURCE SELECTION AND MANAGEMENT**

Source Selection and Development; Request for Quotation (RFQ); Supplier Evaluation and Selection Process; Major Sources of Information; Buyer's Checklist for Selecting New Suppliers; Qualification of New Suppliers; Single Vendor Development; For Discussion.

#### **4 : CAPITAL EQUIPMENT PURCHASING**

Production Vs Capital Equipment Purchases; Types of Capital Expenditures; Capital Equipment Purchasing Process; Equipment Replacement Policy; Reasons for Replacement; Costs Associated with Equipment Purchasing; Leasing; Types of Leases; Advantages of Leasing; Lease Vs Purchase; For Discussion.

#### **5 : INTRODUCTION TO PURCHASING**

Historical Evolution of Purchasing; Objectives of Purchasing; Interrelationship of Purchasing and Other Activities; Major Purchasing Trends; Purchasing Principles ; The Purchasing Process; For Discussion.

#### **6 : PURCHASING SYSTEMS**

Forms of Buying; Structure of Purchasing Organisation; Advantages of Centralized Purchasing; Advantages of Decentralized Purchasing; Lead Division buying; Regional Buying Groups; Global Buying Committees; Corporate Purchasing Councils; Corporate Steering Committees; For Discussion.

#### **7 : LEGAL ASPECTS OF PURCHASING**

Legal Status of the Purchasing Officer; The Purchase Contract; Formation of a Purchase Contract; Essential Elements of a Purchase Contract; Price and the Terms of Payment; Legal Considerations in Purchasing; Other Legal Considerations; For Discussion.

#### **8 : MAKE OR BUY**

Manufacturing and Business Strategy; Manufacturing Strategy; Need for Make or Buy Decisions; Strategic Make or Buy; Tactical Make or Buy; Component Make or Buy; Considerations in Make-or-Buy Decisions; The Make-or-Buy Framework; For Discussion.

#### **9 : MATERIALS HANDLING**

Classification of Material; The Systems Concept in Materials Handling; Principles of Materials Handling; Coordination of Materials Handling ; Effects of Good Materials Handling; Materials Handling Equipment; Types of Equipment; Principle of Unit Load;Evidences of Poor Materials Handling; Materials Handling Department; For Discussion.

## **10 : NEGOTIATIONS**

Negotiations for Industrial Purchases; Preparing for Negotiations; What can be Negotiated?; Planning to Negotiate; Balance of Power in the Negotiation; Power; Time; Information; Negotiating Styles; The Negotiation Process; When Plans do not Work; For Discussion.

## **11 : INVENTORY MANAGEMENT**

Inventory Classes and Functions; Setting the Right Stock Levels; Components of Lead Time; Determining the Lot Size (Quantity); Using ABC Classification for Control (*Pareto Analysis*); Large number of lines; Non-movers; Fixed Classification; Non-stock items; For Discussion.

## **12 : INSPECTION AND STORES MANAGEMENT**

Inspection; Causes of Variations; Chance Causes; Assignable Causes; The Role of Control Charts; Statistical Basis of Control Charts; Storekeeping; Objectives of Storekeeping; Stores Accounting; Costing of the Receipt of Materials; Costing of Issues to Production; Stock Verification; Merits of Stores Accounting System; For Discussion.
